# 5TH BIOINFRA.PROT TOOL-TRAINING & COMMUNITY EVENT

Learn how to effectively use the bioinformatics tools offered by **BIOINFRA.PROT** in the cloud.

**PIA** - *PROTEIN INFERENCE ALGORITHMUS*
PIA allows to inspect and combine the results of proteomics search engines. The main focus lays on the integrated inference algorithms for identification and quantification purposes.

*COMMUNITY MEETING (IN THE AFTERNOON):*
Networking and sharing of ideas in the field of proteomics data analysis and especially the user-oriented development of BioInfra.Prot tools and services.
Learning and discussion based on presented use cases for data analysis from the proteomics area with BioInfra.Prot tools or services.
